Bridges Health and Community Care | Bundaberg

Bridges is the longest established and leading provider of community-based mental health and drug and alcohol services in the Queensland Wide Bay and Fraser Coast communities. Bridges currently provides the following services to our Fraser Coast community; NDIS Support Coordination and Recovery Coaching, Community-based psychosocial (mental health) support (ages 16 years and older) via referral from Wide Bay Hospital and Health Service, Drug and Alcohol Rehabilitation Treatment services (12 years and adults), Breakthrough for Families (BFF) for family members impacted and concerned by a loved ones use of drug and/or alcohol issues, and pre and post release support for people who have been incarcerated in the Maryborough Correctional Centre (CREST) and other Qld prisons.
