Legal Assistance and Information Services

The Service aims to provide alternatives to formal legal processes for families who are separated, separating or in dispute, to improve their relationships and make parenting arrangements in the best interests of their children.

The service supports parents/grandparents or significant others to focus on the long-term needs and wellbeing of children and strengthening family relationships and assisting families through separation process.

Services include: ·

- Parenting - Family Dispute Resolution
- Child Inclusive Practice – opportunity for a child to have a voice in a safe space
- Financial and Property - Family Dispute Resolution
- Community Information and Referrals to services that help with family relationship and separation issues
