Wide Bay Hospital and Health Service (WBHHS) serves more than 214,000 people over an area of about 37,000 square kilometres, covering the Bundaberg, Fraser Coast and North Burnett regions, and parts of the Gladstone region.

WBHHS operates three major hospitals – in Bundaberg, Hervey Bay and Maryborough – that provide a range of acute, sub-acute, community, mental health and dental services.

We also operate three hospitals and four multipurpose health services – which provide both acute and residential aged care – across the North Burnett region, as well as a health centre in Mt Perry.

Maryborough Base Hospital
