| Sunday    | Closed          |

As an independent statutory body, the Queensland Human Rights Commission is accountable to Parliament through the Attorney-General and Minister for Justice. Our operational objectives are directly aligned to the objectives of our governing legislation, the Anti-Discrimination Act 1991 and Human Rights Act 2019. Through our work we contribute to government priorities for the community including 'growing our regions' and 'backing our frontline services', while also delivering on our independent objectives.
